Yep – comms brought up her review of the data in this morning's OCSP call so it is on her radar.

Ok – I'll call her on Monday early afternoon. Thanks! Her dot wasn't green earlier, so I was wondering.

Just heard today is Tala's day off.

May be shooting for Thursday for release due to confirmation hearings on Hill earlier in week.

Haven't heard anything back from Tala on this, and I know Ed wants to make sure Tala's OK with it. Have you heard anything? You guys OK if I call her directly this afternoon or Monday am, if I haven't heard?

Thanks.

Kimberly

Based on today's meeting with the containers' group about PFAS formation during fluorination, I have added a new paragraph in the cover memo, under the Conclusion section.

I did send this revised memo over to Tracy Williamson and Tristan Butler for comments. This attached version includes their comments.

Let me know what you think

Thanks

Thuy

Tala, do you have any comments on these? Ed has cleared, but wanted to make sure you had the chance to review as well.

For the 3:00 with Michal, please see attached for a working draft of the PFAS rinsate data and cover memo. Appendices are in the PDF. I've included my comments on the word version of the cover memo in the interest of time, thinking that you both can add your comments to the same file for Thuy and Yaorong.

Let us know if you have any questions. Mike, can you send me the invite to the 3:00? Or, I can pull the link off of your calendar. Many thanks.
